

# Endorsed Tournament Managers

Definitions		
<b>FPC</b>	Free Pairings Checker	Tool embedded in the tournament-manager containing the pairing-engine that can be freely used by external people (without the user interface). See Section C.04.4.4 for further details.
<b>RTG</b>	Random Tournament Generator	Freely available tool that generates a full TRF for a simulated tournament. See Section C.04.4.5 for further details.
