

# Regulations for the 2016-2017 FIDE World Chess Grand-Prix Series

## 1. Introduction

**1.1.** Following the approval of the FIDE Presidential Board, the World Championship and Olympiad Commission of FIDE (WCOC) has agreed on these Regulations which will apply to the Grand Prix Series which forms part of the World Championship Cycle for 2016-2018.

**1.2.** For the purpose of creating the regulations and communicating with the players, the FIDE General Assembly has approved the proposal of the FIDE President to nominate a committee, hereby called the World Chess Championship & Olympiad Commission (WCOC), which will co-operate with AGON, the organizer of the World Chess Championship Cycle.

**1.3.** Upon recommendation by the WCOC, the body responsible for any changes to these Regulations is the FIDE Presidential Board.

**1.4.** At any time in the course of the application of these Regulations, any circumstances that are not covered or any unforeseen event shall be referred to the President of FIDE for final decision.

## 2. Format of the Grand Prix 2016-2017

The Grand Prix Series will consist of four tournaments to be held over two years (2016-2017). 24 top players will be selected in accordance with Section 3 below to compete in these tournaments. Each player agrees and will contract to participate in exactly 3 of these 4 tournaments.

Which tournaments each player will play in will be selected in accordance with Section 4 below. Notwithstanding anything else contained in these Regulations however, FIDE reserves the right in its sole discretion to assign players to tournaments. The assignment of players to tournaments will be announced in a timely manner before the Grand Prix Series begins.

Each tournament will have 18 players with a schedule of a nine (9) round swiss system. The dates scheduled for the Grand Prix tournaments are listed on the FIDE website and may be subject to change.

The winner and second placed player overall of the Grand Prix Series will qualify for the Candidates Tournament to be held in the first half of 2018.

## 3. Qualifiers for the Grand Prix 2016-2017

The players who qualify for selection to play in the Grand Prix Series will be chosen on the following prioritised basis until 24 players have accepted:

**3.1 World Championship Match:** The current World Champion and his opponent in the most recent World Championship Match (**2 players**).

**3.2 World Cup:** The players who have qualified to the semi-final stage of the FIDE World Cup 2015 (**4 players**).

**3.3 FIDE Rating:** Based on an average calculation to two decimal places of the average from all published FIDE ratings of classical (standard) chess from 1 June 2015 to 1 May 2016 divided by twelve (12), the remaining players will be selected. If players have the same average rating, then the total number of rated games in the twelve lists from 1 June 2015 to 1 May 2016 shall be decisive. That means the player with the greater number of games shall qualify. A minimum of thirty (30) games are required for each player in the twelve FIDE rating lists of classical (standard) chess from 1 June 2015 to 1 May 2016 (**8 players**).

**3.4 ACP Tour:** The one (1) highest-placed participant of the most recently completed ACP Tour, who has not qualified with the previous criteria (**1 player**).

**3.5 Organiser Nominees:** Nine (9) players nominated by AGON with a published rating of at least 2700 in classical, standard chess (or 2600 for former men and women national or world champions), in at least one FIDE rating list of 2016 (**9 players**). In exceptional circumstances, and only for the Grand-Prix ending in 2017, AGON may nominate players with a published rating of at least 2575 in at least one FIDE classical rating list of 2016.

**3.6 Replacements.** Any replacement for the initial selection of qualified players (or for any player who qualifies more than once from articles 3.1, 3.2, 3.3 and 3.4) will be made on the basis of Article 3.3 which takes into account the average rating and greater number of games, if of equal rating.

## **4. Tournament Rules**

**4.1** Each player will play in three of the four tournaments and all three results will be counted for the final ranking.

**4.2** Players must rank their preference of tournaments once the final list of cities is announced and the dates are allocated to each city.

**4.3** FIDE is not obliged, but will endeavour to respect the players' preferences, and will balance the player allocation to a host city according to objective criteria such as average tournament rating, and continental representation.

**4.4** Once the players are allocated, FIDE reserves the right to transfer players from one tournament to another within the cycle if required due to exceptional or unexpected circumstances.

**4.5** If a player withdraws from an event after completing 50% or more of the games, the rest of his games are lost by default. Unless a withdrawal is justified by serious injury or illness, he will forfeit his right to the prize for the tournament and be excluded from the rest of the World Chess Championship cycle.

**4.6** Each tournament shall consist of 18 players playing a swiss system of 9 rounds. The tournament will be played according to the FIDE Swiss Dutch System, as described in section C.04.3.1 of the FIDE Handbook. For pairings of every round, the Swiss Manager pairing program shall be used.

**4.7** Time control: 100 minutes for the first 40 moves, 50 minutes for the next 20 moves and then 15 minutes for the rest of the game plus an additional 30 seconds per move starting from move 1.

**4.8** The players are not permitted to speak to their opponents during the games. Appropriate sporting behaviour is expected from all participants and FIDE rules of conduct are to be strictly followed at all times.

**4.9** During the game, a player may talk only to an arbiter or communicate with a steward, or with his opponent as permitted by the Laws of Chess.

6.3 In the case of any withdrawal prior to two weeks before the commencement of the cycle, FIDE will replace the player who has withdrawn with the next highest rated player in the rating list as calculated in Article 3.3. This player will accept the withdrawn player's Grand Prix tournament schedule in its entirety.

6.4 If a player withdraws from the Grand Prix for any reason whatsoever, less than two weeks prior to the commencement of the Grand Prix Series or during the cycle, then FIDE reserves the right to select one or more players at its discretion, with a current rating not less than 2700, as may be required.

6.5 Subject to Section 4.4 above, if a player withdraws from the Grand Prix then his results will stand in respect of the Grand Prix ranking points gained during any of the tournaments the player may have participated in already.

6.6 Based on the merits of each case, FIDE may decide to replace a player for one or more tournaments.
