Annex 1. Tie-Break Rules

1. Stage 1. DIVISIONS

At the end of each division tournament*, team ranking is decided by using:

- (a) Match point totals (2 for a win, 1 for a draw, 0 for a loss)
- (b) Game point totals (1 for each game won, ½ for each game drawn, 0 for each game lost)
- (c) Match point totals in the results between the teams which remain tied
- (d) Game point totals in the results between the teams which remain tied
- (e) Sonneborn-Berger (Matchpoints)
- (f) Sonneborn-Berger (Gamepoints)
- (g) Drawing of lots, if there remain teams tied in positions that qualify for Stage 2.

* If the BASE DIVISION tournament's system is not a round robin, the tie-break system is announced by July 19th.

2. Stage 2. PLAY-OFF

In the event of drawn duel, the tie is broken with an Armageddon game. A drawing of lots is done automatically by HIP to determine in which of the four categories (Article 2.4) the Armageddon game is to be played. The captain of each team shall nominate one player, from the respective category. Once one player for each team has been nominated, there is a drawing of lots to determine which player can choose whether they play white or black. The time limit for the Armageddon game is 5 minutes for white, and 4 minutes for black, with no increment. If the player with the white pieces wins the game, his/her team wins the duel. If the player with the black pieces wins or draws the game, his/her team wins the duel.
