**Subject : Proposal for 2014 FIDE General Assembly in Tromso
- Online Payment facility at fide.com**

Dear Friends,

In the recent technological revolution , most of payments are settled via online portals using credit cards etc. Since member federations and now , licensing issue , involves such transactions, it must be very useful for FIDE to implement such facility for all to settle their dues. Considering that such an action can eliminate the hassle when a Arbiters , Trainers , Organizers etc.. can settle their invoices at once.

Sincerely,

Shaker Alafoo
